PREFACE

This edition reproduces verbatim Theorod Schwartzkopff's *Sonata à 3 Viola da Gamba et Fagotto con Cembalo* manuscript in the *Universitätsbibliothek Rostock*, shelf mark *Musica Sec. XVII 58¹⁵*.

The manuscript is in separate parts and, in addition to the *Cembalo* part quoted in the title, also has a *Violon[e]* part: the intended instrument is probably a cello more than a contrabass viol and is the 'real' bass; the *Cembalo* part, instead, harmonises a kind of *basso seguente* which occasionally makes imitations less readable.

EDITORIAL REMARKS

- All editorial additions are placed above the staff or marked by dotted lines or parentheses.
- Original clefs, key signatures, time signatures, note values, ties, slurs, beamings and bar lines have been retained.
- All marked accidentals have been retained, even when superfluous according to modern conventions; however, they have been silently 'modernised' when today conventions dictate a different sign (i.e.: a sharp used to raise a flattened note has been converted to a natural sign).
- Accidentals above the staff or in small type between parentheses are editorial suggestions.
- Rehearsal marks in the *Aria* are not original and have been provided editorially as a convenience.
- In the source, the continuo figures were above the staff; in this edition they have been moved below the staff, which is more common in modern editions.

CRITICAL NOTES:

- i. In the viola da gamba part only, the source has here a repeat end mark which looks like a copyist error.
