A3 Printing Instructions

The A3 versions of the PDF files are intended to be printed in a booklet format (several double-size sections folded in the middle) on A3 paper.

To print in booklet format on double-sized paper using Adobe Acrobat Reader™ (other PDF readers usually have equivalent commands):

1. Load double-sized paper (typically A3) in your printer.
2. In Acrobat Reader™ print dialogue box, under “Page Sizing & Handling”, select “Size” and under “Size Options”, select “Actual Size”.
3. Under “Page Setup...”, select “A3 297 x 420 mm”.
4. Print each of the page ranges listed below (*recto* and *verso*).

This generates some sections to fold in the middle (and bind together, if you like).

Hint: if your printer does not have double-side printing capability (*recto* and *verso* in a single run), print each range twice: once selecting “Front side only” (or “Odd sheets”) and printing on one side, then selecting “Back side only” (or “Even sheets”), reloading the printed pages on the other side and printing the same range of pages again.

Page Ranges

(all numbers refer to positions in the file, not to numbers printed on the pages)

Score	A3	3–6 (2 sheets)
